County Fiber Project – Feb 2024 Bid

Addendum 1

Date of original RFP: 2/15/2025
Date of Addendum Number One: 2/21/2024
Due Date for Bids: 3/14/2024 2:00 pm

Below are questions and clarifications we received thus far:

1. Prevailing wages will apply to this project. Please review the requirements below for your bid submission.

- *Michigan's new Prevailing Wages on State Projects, MCL 408.1101 et seq. ("Act"), became effective on February 13, 2024. The Act requires construction workers, working on capital improvement projects sponsored or financed by the state, to be paid wages and fringe benefits that are commensurate with the wages and fringe benefits paid to other construction workers working in the same locality on similar contracts.*
- *For public schools (also known as "the contracting agent"), the Act states that projects sponsored or financed by the state generally include school construction, demolition or improvement projects which are:*
 - *Subject to competitive bidding requirements under Section 1267 of the Revised School Code (MCL §380.1267); and*
 - *Paid for in whole or in part with State School Aid or financed with bonds qualified under the School Bond Qualification and Loan Program ("Qualified Bonds").*
- *The successful bidder as the contractor shall be issued the prevailing wage schedule and shall pay the prevailing wage and fringe benefits for contracts performed on state projects. These rates expire ninety (90) days from the date issued.*
- *The Michigan Department of Labor and Economic Opportunity ("Department") establishes the prevailing rate for each classification of construction mechanic requested by a contracting agent prior to contracts being let out for bid on a state project. **A copy of these rates is included at the end of this addendum.***
- **District's Responsibility:** *If a contract is not awarded or construction does not start within 90 days of the date of the issuance of rates, a redetermination of rates must be requested by the contracting agent. Rates for classifications needed but not provided on the Prevailing Rate Schedule, must be obtained prior to contracts being let out for bid on a state project.*
- **Contractor Responsibilities:** *Every contractor and subcontractor shall keep posted on the construction site, in a conspicuous place, a copy of all prevailing rates prescribed in a contract. Every contractor and subcontractor shall keep an accurate record showing the name and occupation of and the actual wages and benefits paid to each construction mechanic. This record shall be available for reasonable inspection by the Department. Each contractor or*

subcontractor is liable for the payment of the prevailing rate to its employees. The prime contractor is responsible for advising all subcontractors of the requirement to pay the prevailing rate prior to commencement of work. A construction mechanic shall only be paid the apprentice rate if registered with the United States Department of Labor, Bureau of Apprenticeship and Training and the rate is included in the contract.

- **Mandatory Language:** Pursuant to Section 12 of the Act, every contract for a state project must contain an express term providing that construction mechanics are intended beneficiaries of the contractual prevailing wage, fringe benefit, and nondiscrimination nonretaliation requirements and further providing that any construction mechanic aggrieved by the failure of a contractor or subcontractor to pay prevailing wages or benefits as specified in the contract, or by a violation of section 7, in addition to any other remedies provided in this act or by law, may bring an action in a court of competent jurisdiction against the contractor or subcontractor for damages or injunctive relief and may be awarded reinstatement or other appropriate relief, and all damages sustained, together with actual costs and attorney fees at trial and on appeal.

As allowed by applicable insurance and State law, the successful bidder will be required to indemnify the District against all claims and/or penalties arising from failure to comply with the prevailing wage requirements under Michigan law.

2. I wasn't able to attend the pre-bid meeting, is there a recording available?

Yes, the recording is available to view in the 470 bidding and reference documents link below. Every vendor is encouraged to watch this video and the questions and clarifications are posted in this addendum from this meeting.

https://monroeisd-my.sharepoint.com/:v/g/person/nicholas_hay_monroeisd_us/EaEdIbZhF5AsDzmMMRV9vcBji_a3nKD2_BOXD3DOjx98Qg?e=yLRbGc

3. Amortizing special construction costs

We want to amortize the non-eRate discounted portion of the non-recurring special construction costs over 4 years. We prefer to make a single annual payment for the each year. If you are unable to amortize these costs, please note that in the Comply Exceptions tab on the Excel bid spreadsheet.

4. We are seeking bids for all connections

We would like vendors to submit bids for as many of the circuits you would consider, even if special construction costs are high, since we are trying to get all the sites connected and to have resilient paths. Sites (K) Holiday Camp, (P) Knabusch Math & Science Center, and (Q) Blissfield do not need resiliency.

5. I submitted a bid on the previous Form 470/RFP. Should I resubmit my bid response?

Yes, we would like to have vendors resubmit their bid of the connections from the previous 470/bid we had posted. We may consider purchasing from both Form 470's/RFP bids. The reason we submitted this new 470/RFP is to try to get vendors to bid on connections that we received no bids for, added a few additional connections we would like to consider, and we also wanted to see if vendors would utilize some of our existing dark fiber in the overall solution to help reduce some of the special construction costs.

6. Vendors can and are strongly encouraged to leverage existing fiber

Vendors are strongly encouraged to leverage some of our existing dark fiber in your design. We co-own the fiber in the sheath with our current provider, Everstream. Below are links to 2 maps with the dark fiber that you can utilize. The purpose of this project is to create resilient paths between our school districts on our WAN so that if there is a fiber issue one direction, the traffic can route a different path back to the Monroe County ISD via our network and spanning-tree. Not all connections on the RFP are needed as we wanted to give vendors options to bid on connections/paths that may be more practical than others.

Monroe County Available Fiber - https://monroeisd-my.sharepoint.com/:i:/g/personal/nicholas_hay_monroeisd_us/Ef04vLKUT9xFqV_8Zs72KkwBIUDcY1x6yyp3I-FT0AH9LA?e=0a3IOP

Monroe Public Schools Available Fiber - https://monroeisd-my.sharepoint.com/:i:/g/personal/nicholas_hay_monroeisd_us/Ebbs6A0D-mBErRQK5U_YF58B5NMp9Fql9Z_PDzqCmOJm9w?e=vnrSdo

7. Pricing

Pricing on your bid sheet should be the price for each individual connection as we may pick and choose what connections we award, and we may choose to award the bid to multiple vendors. We would like to have a single vendor, if possible, but we understand that a vendor may not be interested in bidding all the necessary connections.

If there are any discounts available if multiple connections are awarded, we are asking vendors to note that in your response for consideration.

8. Lease Term

We are interested in receiving bids for multiple terms (5, 10, and 15 years) as noted in the RFP, but we are focused on a long-term commitment of 15 years with optional extensions that could be included due to the high special construction costs. Please note in your response what optional extensions you would consider as we will be factoring this in our decision.

9. Vendor Bid Review Call, Letter of Intent, Contract

We have a tight deadline to get board approval on March 19, so we are asking vendors to be available for a meeting on Friday, March 15 to review your bid. If this date does not work, then we will need to schedule a call for the morning of March 18.

If you have a draft letter of intent and/or contact you could include, that would be very helpful. At the minimum, we will need a letter of intent signed by the Monroe ISD and the vendor later in the week after the board conditionally awards the bidder(s) so we can submit this to the state for the special construction matching grant, since this is needed for the Form 471 submission to USAC by March 27.
