I. INTRODUCTION

Mission Statement

The Monroe County Intermediate School District's mission is to prepare today's students for tomorrow's world.

The Monroe County Intermediate School District (MCISD) seeks to provide every child, regardless of national origin or native language, quality, and meaningful educational instruction. Consequently, students who are English Learners (ELs) are provided instructional services through an English as a Second Language (ESL)/English Language Development (ELD) program which is designed to meet their unique needs.

The MCISD has prepared this handbook of program policies and procedures to ensure that the Title III program or the EL program in the district is consistent throughout the district.

The information contained herein has been compiled using the following sources:

Suzanne Toohey

Consultant, ESL/Title III, Oakland Schools

Michigan Department of Education

Office of School Improvement

Title III Handbook

The following staff members are acknowledged for their efforts in developing this handbook:

Eric Feldman, Assistant Superintendent for Human Resources and Legal Counsel

Lisa Montrief, Assistant Superintendent for Curriculum and Instruction

Rachel Kopke, Assistant Superintendent for Special Education and Early Childhood Services

II. DEFINITION OF ENGLISH LEARNERS (ELs)

ESSA Definition of an "English Learner" Student

The term "English learner," when used with respect to an individual, means an individual:

- (A) who is aged 3 through 21;
- (B) who is enrolled or preparing to enroll in an elementary school or secondary school;
- (C)(i) who was not born in the United States or whose native language is a language other than English;
 - (ii)(I) who is a Native American or Alaska Native, or a native resident of the outlying areas; and
 - (II) who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or
 - (iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; and
- (D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual —
 - (i) the ability to meet the challenging State academic standards;
 - (ii) the ability to successfully achieve in classrooms where the language of instruction is English; or
 - (iii) the opportunity to participate fully in society. (ESEA Section 8101(20))

To be classified as EL, an individual must meet the criteria of A, B, C and D in the definition above. To meet the criteria for C, an individual can meet the criteria of any of i, ii or iii. If the criterion to meet C is ii, then the individual must meet the criteria of both I and II. To meet the criteria for D, an individual must be denied one of the three listed (i or ii or iii).

III. LEGAL RESPONSIBILITIES

A. Title I & Title III

PROGRAMS OF ENGLISH LEARNERS

Under Title VI of the Civil Rights Act of 1964 and the EEOA, all States and LEAs must ensure that ELs can participate meaningfully and equally in educational programs and services. Students who meet the protocol requirements as English Learners (ELs) must be provided a language assistance program services, in addition to the basic/core education services (adopted by the local board of education) that all students in the LEA receive. This language assistance program services must provide meaningful access to the core curriculum and provide direct English language instruction. The intensity of language assistance program services provided is directly related to the individual student's level of proficiency. The less English proficiency a student has, the more intense his or her program of language assistance program services should be. The language assistance program services could include research-based models such as bilingual education, EL programs, and/or sheltered instruction. These federally required language assistance program services ensure that ELs have equitable access to the basic, local board of education-adopted curriculum provided to all students, and acquire English language proficiency.

To meet their obligations under Title VI and the EEOA, LEAs must, for example:

- Identify and assess all potential EL students in a timely, valid, and reliable manner;
- Provide EL students with a language assistance program that is educationally sound and proven successful, consistent with *Castañeda v. Pickard* and the Supreme Court decision in *Lau v. Nichols*;

- Provide sufficiently well prepared and trained staff and support the language assistance programs for EL students;
- Ensure that EL students have equal opportunities to meaningfully participate in all curricular and extracurricular activities;
- Avoid unnecessary segregation of EL students;
- Ensure that EL students who have or are suspected of having a disability under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 are identified, located, and evaluated in a timely manner and that the language needs of students who need special education and disability related services because of their disability are considered in evaluations and delivery of services;
- Meet the needs of EL students who opt out of language assistance programs;
- Monitor and evaluate EL students in language assistance programs to ensure their progress with respect to acquiring English proficiency and grade level content knowledge, exit EL students from language assistance programs when they are proficient in English, and monitor exited students to ensure they were not prematurely exited and that any academic deficits incurred in the language assistance program have been remedied;
- Evaluate the effectiveness of a school district’s language assistance program(s) to ensure that EL students in each program acquire English proficiency and that each program is reasonably calculated¹¹ to allow EL students to attain parity of participation in the standard instructional program within a reasonable period of time; and
- Ensure meaningful communication with parents of English Learners.

WHAT YOU NEED TO KNOW

Title III funds are to be used to provide language instruction educational programs — defined as courses in which EL students are placed for the purpose of attaining English proficiency, while meeting challenging State academic content and student academic achievement standards. These programs may make use of both English and the child’s native language to enable the child to develop and attain English proficiency, but school districts are required to “use approaches and methodologies based on scientifically-based research.” Each school or district using Title III funds must implement an effective means of outreach to parents of EL children. They must inform parents about how they can be active participants in assisting their children to learn English, achieve at high levels in core academic subjects and meet State standards.

Title III Schools and School Districts Must:

- Describe in their Title III application to the state how the district has consulted with teachers, researchers, administrators, and parents, and others in developing their Title III plan.
- Inform parents of a child identified for participation in a Title III program within 30 days after the beginning of the school year. For a child who enters school after the beginning of the school year, the school must inform parents within two weeks of the child's placement in such a program.
- Communicate with parents in an understandable and uniform format, which means communicating the same information to all parents, and in a method that is effective.

Title III funds may be used for supplementing NOT supplanting school district and/or school activities. (See APPENDIX G)

What Academic Information Does Your School District Have to Track About Their EL Students?

- Must screen each EL student upon enrollment with the WIDA Screener.
- Must assess each student who qualifies for and receives service each year using the WIDA ACCESS for ELLs.
- Title I requires that States and Local Education Agencies (LEAs) annually report on ELs' progress in achieving English language proficiency, attainment of English language proficiency, academic achievement, and high school graduation rates. (ESEA Section 1111(h)(1), (h)(2)). Under Title III, there are additional reporting requirements. LEAs must report to their States on:
 - Title III programs and activities
 - Number and percentage of ELs making progress toward English language proficiency
 - Number and percentage of ELs who attain proficiency and exit LIEPs
 - Number and percentage of former ELs who meet academic content standards (for 4 years)
 - Number and percentage of ELs who have not exited LIEPs after 5 years as an EL
 - Number and percentage of ELs with IEPs

Assessments Required of EL Students:

Title I Law requires that all EL students are assessed annually.

(b)Academic Standards, Academic Assessments, and Accountability –

(7)Academic Assessments of English Language Proficiency - Each state plan shall demonstrate that local educational agencies in the state will, beginning not later than school year 2002–2003, provide for an annual assessment of English proficiency (measuring students' oral language, reading, and writing skills in English) of all students with limited English proficiency in the schools served by the state educational agency. (NCLB/ESEA Title I, Section. 1111(b)(7))

- ESSA requires states:
 - to the extent practical, provide content area assessments in an appropriate language and form for ELs (ESEA Section 1111(b)(2)(B)(vii)(III))
 - identify languages present to a significant extent in the state for which assessments are needed but not available and then work to develop those assessments (ESEA Section 1111(b)(2)(F))
- ESSA requires districts and schools:
 - to implement reasonable adaptations and accommodations for students with diverse learning needs (inclusive of ELs who may also be students with disabilities) necessary to measure the achievement of such students relative to state content standards (ESSA Section 1111(b)(2)(B)(iii))
- ESSA allows states:
 - to provide partial exclusion from content area assessment participation and accountability for ELs enrolled in the US for 12 months or less (ESEA Section 1111(b)(3)(A))

- Michigan has adopted the following exceptions for Newcomer ELs
 - **Year one** (living in the US for 12 months or less)
 - exempt from ELA assessment, student takes English Language Proficiency Assessment and is included in English Language Progress indicator
 - **Year two**
 - student takes ELA assessment and ELP assessment and is included in English Language Progress indicator
 - **Year three**
 - Student takes ELA assessment and ELP assessment and is included in Academic Growth and English Language Progress indicators
 - **Year four**
 - Student takes ELA and ELP assessments and is included in Academic Proficiency, Academic Growth, and English Language Progress indicators

B. Federal Law

There exists a substantial body of Federal law which establishes the rights of the LEP student, and which defines the legal responsibilities of school districts serving these students. Note: the term Limited English Proficient (LEP) is a historic term where English Learner (EL) is currently accepted term and is therefore used throughout this document. EL is meant to counter the negative connotations of Limited English Proficient. Administrators and school boards who are responsible for local policies and programs can turn for guidance and direction to this body of law. It includes the following:

1868 Constitution of the United States, Fourteenth Amendment

“... No State shall ... deny to any person within its jurisdiction the equal protection of the laws.”

1964 Title VI of the Civil Rights Act of 1964

“No person in the United States shall, on the ground of race, color, or national origin be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance.”

Two U.S. Supreme Court rulings, one interpreting the Fourteenth Amendment and one interpreting the Civil Rights Act of 1964, have exercised considerable influence over the educational rights of language minority students. These cases may be summarized as follows:

1974 Lau v. Nichols

The U.S. Supreme Court ruled that a school district’s failure to provide English language instruction to LEP students denied them meaningful opportunity to participate in the district’s educational program in violation of Title VI of Civil Rights Act of 1964; the Court further noted that equality of opportunity is not provided by giving the LEP student the same facilities, text books, teachers, and curriculum which non-LEP students receive.

1982 Plyler v. Doe

The U.S. Supreme Court ruled that the Fourteenth Amendment to the U.S. Constitution prohibits states from denying a free public education to undocumented immigrant children regardless of their immigrant status. The Court emphatically declared that school systems are not agents for enforcing immigration law and determined that the burden undocumented aliens may place on an educational system is not an accepted argument for excluding or denying educational service to any student.

IV. PROCEDURES

The following procedures are established for the MCISD to meet the requirements of Title I and Title III.

A. Registration/Identification Using Home Language Survey

The Home Language Survey approved by the Michigan Department of Education (APPENDIX A) is included in the MCISD's registration form. It is to be completed at the time of registration. The Principal or Director is responsible for ensuring that a home language survey is completed for all students at the time of enrollment. The completed registration forms shall be placed in student's permanent (CA-60) files.

If a student is identified as speaking a primary language other than English or as having a language other than English spoken in the home, as reported on the Home Language Survey, the student may be eligible for EL services. If so, the EL teacher in the building of attendance will be notified. The EL staff will arrange for a prompt assessment of the student to determine eligibility for EL services.

B. Initial Assessment for Program Eligibility

Within ten (10) school days of enrollment in our district, a student who is identified as potentially eligible on the Home Language Survey must be assessed to determine if they are eligible for Title III/EL program services. Assessments assess a student's language skills in listening, speaking, reading, writing, and comprehending in English using the WIDA ACCESS for ELLs or the WIDA Screener.

Staff is also encouraged to assess the reading and math abilities of the student using other standardized instruments to address learning needs across the content areas.

WIDA ACCESS for ELs/WIDA Screener & Levels of Proficiency

The following chart shows level of proficiency correlated to the WIDA Standards. It may assist in determining the level of the student's proficiency and the student's placement into grade level or courses with appropriate ESL language and academic support.

WIDA ACCESS for ELs/WIDA Screener Score	Proficiency Levels WIDA Standards	Optional Multiple Indicators
6	Reaching	Early literacy assessment approved by MDE AIMSweb – both CBM and MAZE subtests
5 – 5.9	Bridging	DIBELS Next Discovery Education Assessments DRA: Developmental Reading Assessment version 2
4 – 4.9	Expanding	Fountas & Pinnell iReady Diagnostic MLPP: Michigan Literacy Progress Profile
3 – 3.9	Developing	NWEA: Northwest Evaluation Association Star Early Literacy PSAT or SAT
2 – 2.9	Emerging	QRI-5: Qualitative Reading Inventory Scantron Performance Series SRI: Scholastic Reading Inventory Star Early Literacy
0 – 1.9	Entering	Star Reading Gates McGinitie* ITBS: Iowa Test of Basic Skills* Terra Nova* <small>*Italicized assessments are norm referenced and used only for exiting purposes. Non-italicized assessments (which are criterion-based, or both norm-referenced and criterion-based) may be used for entrance and exit. All reading assessments administered must include the comprehension subtests.</small>

C. Eligibility for Title III/EL Program Services

A student who scores Entering through Bridging on the WIDA ACCESS ELLs or WIDA Screener is eligible for Title III/EL Program Support. For a student scoring Reaching to continue receiving Title III/EL support services, the district takes into account additional multiple academic criteria as noted in the chart.

D. Early Childhood Transition Students

The MCISD Early Childhood Programs and local district administrators will conduct a transition meeting. Considerations for potential English Learners transitioning from the MCISD's Early Childhood Program(s) include: the language proficiency of the child and the prior supports utilized in the pre-k program. The local district's EL teacher will conduct a transition meeting to make a plan for potential English Learners as they transition from the pre-k program(s) into Kindergarten.

E. Exiting from Title III/EL Program Services

Scores from the WIDA ACCESS for ELLs are necessary, but not sufficient, for exiting students from the Title III/EL program. A student who meets the minimum criteria established in the Michigan Department of Education English Learner Program Entrance and Exit Protocol may be

exited from the Title III/EL Program through a placement team review process. Students exited from the Title III/EL Program must also be exited from the program in the MSDS and are then considered FEL (Former English Learner) for four years. FEL academic performance must be monitored for four (4) years. Criteria used to exit a student will be placed in the student's CA 60.

F. Monitoring Former English Learners (FELs)

The placement team who reviews the criteria for a student to exit from the program also determines if the student needs support services during the transition to the regular education program. Additionally, an EL staff member is designated to monitor the student's progress (such as grades, attendance, and standardized test scores). The designated staff member assesses the student's progress through Interim Progress Reports and Report Cards to ensure consistent FEL monitoring.

If, during the four year monitoring period, it appears that the student is not succeeding in the regular education program, the staffing team will meet to determine if further assessment of the student is warranted, if the student will be reentered into the Title III/EL program, or if other services are appropriate.

A record of monitoring, as well as any placement changes resulting from the monitoring will be placed in the student's CA-60 and EL files.

G. Placement in Title III/EL Program

The MCISD provides an instructional program to meet the language and academic content needs of English Learners (ELs) enrolled in the district. The instructional needs of students at different levels of language proficiency and prior schooling are met differently. Below is the guide for Title III program instruction described by level of language proficiency and level of instruction.

The MCISD's Title III/EL program provides language and academic content support to ELs through:

- Language Tutorial
- Reading Support

Language Instruction Educational Program (LIEP) Description (see APPENDIX H)

ENTERING/ Level 1:

Eligibility criteria: WIDA ACCESS for ELLs Score 0 – 1.9

Elementary (Grades 1-5), Middle School (Grades 6-8), and High School (Grades 9-12):

- Language Tutorial
- Reading Support

BEGINNING/Level 2:

Eligibility criteria: WIDA ACCESS for ELLs Score 2 – 2.9

Elementary (Grades 1-5), Middle School (Grades 6-8), and High School (Grades 9-12):

- Language Tutorial
- Reading Support

DEVELOPING/ Level 3:

Eligibility criteria: WIDA ACCESS for ELLs Score 3 – 3.9

Additional district criteria: NWEA

Elementary (Grades 1-5), Middle School (Grades 6-8), and High School (Grades 9-12):

- Language Tutorial
- Reading Support

EXPANDING/Level 4:

Eligibility criteria: WIDA ACCESS for ELLs Score 4 – 4.9

Additional district criteria: NWEA

Elementary (Grades 1-5), Middle School (Grades 6-8), and High School (Grades 9-12):

- Language Tutorial
- Reading Support

BRIDGING/Level 5:

Eligibility criteria: WIDA ACCESS for ELLs Score 5 – 5.9

Additional district criteria: NWEA

Elementary (Grades 1-5), Middle School (Grades 6-8), and High School (Grades 9-12):

- Language Tutorial
- Reading Support

REACHING/Level 6:

Eligibility criteria: WIDA ACCESS for ELLs Score 6

Additional district criteria used for exit from program services: NWEA

Elementary (Grades 1-5), Middle School (Grades 6-8), and High School (Grades 9-12):

- Language Tutorial
- Reading Support

H. Parental Notification (See APPENDIX B)

The MCISD must inform parents of English Learners (ELs) identified for participation in the district's Title III/EL program.

- no later than 30 days after the beginning of the school year for students who enter at the start of the school year.
- within the first two weeks (10 school days) of attendance for children who have not been identified as English Learners (ELs) prior to the beginning of the school year.

Parent Notification letters are available in the following languages: Spanish

School Districts Must Inform Parents of:

- The reasons for identifying their child as an English Learner and for placing their child in a language instruction educational program;
- The child's current level of English proficiency, including how the level was assessed and the status of the child's academic achievement;
- The method of instruction that will be used in the program, including a description of all language programs;

- How the program will meet the educational strengths and needs of the child;
- How the program will help the child learn English and meet academic achievement standards;
- How the program will meet the objectives of an individualized education program for a child with a disability;
- The program exit requirements, including when the transition will take place and when graduation from secondary school is expected; and
- The parents' rights, including written guidance that (A) specifies the right to have their child immediately removed from a language instruction educational program upon request, (B) describes the options that parents have to decline to enroll their child in such a program or to choose another program or method of instruction, if available, and (C) assists parents in selecting among various programs and methods of instruction, if more than one program or method is offered. (ESEA Section 330 a-d)

Regular meetings are conducted for parents and families of EL students.

I. ELs who are Struggling Learners

When indicators suggest that an English Learner (EL) is having difficulties attaining linguistic, academic and social expectations, which are unrelated to the student's English Language Proficiency, the student will be referred to the School Intervention Team for intervention strategies. Periodic reviews will be conducted to determine the success or failure of the strategies. The MCISD has an established protocol for referring students for special education evaluations. These special intervention strategies must be utilized to determine what further strategies may be necessary. These special intervention strategies must be utilized to ensure that a student is not referred for formal Special Education Multidisciplinary Team evaluations when the lack of academic progress is primarily related to language background or a need for more Title III/EL support services. In the event the various strategies are not successful, the student may be referred for a special education evaluation. The student may require an evaluation administered in his/her native language.

J. Provision of Services

The MCISD has evidence of policies and provision of services on an equitable basis to EL children enrolled in participating private schools. The MCISD facilitates meaningful and timely consultation with area private schools regarding the participation of EL students, their teachers, or other educational personnel in Title III programming.

K. Student Folder Contents and CA-60

Each English Learner will have a folder maintained by the EL teacher at the building. The folder will contain:

- Home language survey ***APPENDIX A***
- Parent notification letter ***APPENDIX B***
- Sample of student's schedule for EL services
- WIDA ACCESS for ELLs & WIDA Screener testing results
- Student Profile (for Students moving from elementary to middle school and from middle school to high school)
- Monitoring records
- Record of placement decisions (Description of program for individual student, including type and amount of alternative program services)

V. STAFF Roles – The MCISD staff will utilize the Monroe Title III Consortium for support and guidance

A. Role of Mainstream General Education Teacher

The mainstream teacher into whose class the student is enrolled has primary responsibility for the instruction of the EL. The student spends a significant part of the day in the mainstream classroom with this teacher and classmates. Because of this, the mainstream teacher is responsible for the delivery of the curriculum to ALL students in his/her class. The mainstream teacher does not accomplish this alone.

The mainstream teacher and the EL staff are the ones who decide:

- what should be taught;
- how the mainstream class content should be supported by ESL staff;
- what the essential concepts in the lessons are;
- how lessons should be differentiated and accommodated;
- how to make appropriate accommodations for assessments; and
- how to assess achievement.

In addition, the mainstream teacher:

- is a full partner with the EL staff in educating ELs in his/her class;
- demonstrates sensitivity and awareness of cultural and linguistic differences;
- individualizes instruction to meet the needs of each student;
- uses visuals/hands-on activities to facilitate learning;
- provides materials for the EL staff that support the mainstream instruction;
- helps language minority students make friends and be part of the social interaction in the classroom;
- promotes intercultural discussion; and,
- suggests the type of help the EL needs to be successful in his/her class to the EL teacher.

B. Role of Special Services Staff

Special Services staff members are essential for the success of English Learners in elementary, middle, and high schools in the MCISD. Counselors, social workers and curriculum support personnel are a very new phenomena for many ELs and their families. The role of the special services staff needs to be explained to bilingual parents and students so that the bilingual families will have a complete understanding of that person's role in the school and will be able to utilize his/her expertise.

Support Staff for English Learners:

- work in conjunction with the EL and mainstream staff to provide appropriate scheduling of students;
- need to develop an awareness of the culture and language abilities of language minority students;
- provide social and academic guidance to help English Learners become familiar with school culture and academic opportunities;
- have current language proficiency assessment accessible; and,
- provide academic information to parents/guardians.

C. Role of Paraprofessional/Tutor/Aid

The ESL paraprofessional supports and reinforces the English language acquisition and content instruction provided by ESL teacher and mainstream teachers.

Responsibilities of the Paraprofessional/Tutor/Aid are to:

- assist teachers in providing content instruction and language development;
- meet regularly with teachers to determine the academic needs of ELs enrolled in their classes;
- assist teaching basic survival skills to the most limited English proficient students;
- inform general education staff about culture and language of the ELs and their families;
- provide mainstream teachers with cultural and linguistic background of the language minority students in their classes;
- provide input to staff regarding curriculum development;
- assist in identification, assessment, teaching, and counseling each EL; and
- assist in providing staff development on English language instruction and cultural awareness.

D. Professional Learning for Staff

The School District provides high quality *supplemental* professional development, available to all instructional staff of ELs, administrators, parents, family and community. Professional learning for educators of ELs is evaluated to ensure effectiveness.

VI. PARENTAL INVOLVEMENT

A. Parental Communication/Interpreter Services

Parents of English Learners will receive readily understood notices of school programs and activities impacting their child's education.

Many bilingual parents need interpreters (translators) to participate in school activities such as registering students and parent/teacher conferences. Certainly, the more informed parents are the more likely it is that they will be able to support their child's learning. However, many teachers and administrators may be unfamiliar with using an interpreter and may consequently be reluctant to make routine use of the parents' native languages. The following suggestions may facilitate successful communication when using an interpreter:

Prior to the Meeting

1. Accurately determine the parents' native language prior to the meeting and identify an interpreter (may be an adult family member) who is fluent in that language. Note that it may be important to determine the particular dialect of the family to use an interpreter who can easily communicate.
2. Send notices for school meetings and conferences home in English on one-side and student's native languages (when possible) on the other. Keep a generic file of these notices with blanks for times and dates.
3. Talk with the interpreter prior to meeting parents to clarify his/her role. In most cases, interpreters should not be active participants in the conversation. Rather, they should simply translate the participant's statements. The teacher or administrator should make it clear to parents at the beginning of the conference that this is the role the interpreter will play. In situations where it is appropriate for interpreters to be active in the conversation (for example, when the interpreter is a bilingual paraprofessional who also works with the student), the teacher or administrator should explicitly invite the interpreter to join in the discussion.

4. Prepare for the meeting by talking with the interpreter about the anticipated content that will be discussed. In this way, interpreters can clarify vocabulary and school terms that may not be familiar.
5. Do not rely on children to interpret for their parents. This reverses the roles in families — parents feel like children and children feel like they have more authority than they should. It is also difficult for most children to translate and children are very reluctant to translate anything negative about themselves to parents. Do not put them in this role.

During the Meeting

1. Show respect to parents by addressing them directly and allowing the interpreter to simply interpret your words. Sit so that you speak directly to the parents rather than to the interpreter. Often, it works well to place the interpreter to your side rather than between you and the parent.
2. Speak at a normal rate and volume.
3. Keep the group limited to a small number of people. Introduce each person and the role each plays in relation to the child.
4. Stop periodically and ask if there are any questions.
5. Support your statements with examples of student work that parents can take with them and examine further.
6. Do whatever you can to encourage parents' further school visits and participation in school activities.

Following the Meeting

1. Clarify any confusing interactions with the interpreter. Ask for feedback and suggestions on the interpreting process from the interpreter.
2. Make a record of significant information discussed. It is helpful to do this in both languages so that parents could have easy access to information. Consider sending a follow-up letter in the language of the parent.

B. Code of Conduct

The Code of Conduct will be translated into the major languages and distributed to parents of ELs. This will assure that students and parents are informed in their first language.

VII. PERSONNEL PRACTICES

A. Postings

The MCISD will, when seeking new applicants for all content area positions, actively recruit those people speaking the language of our student population. This is recommended for all vacancies, not just ESL or bilingual positions.

The MCISD will encourage the designation of EL paraprofessionals as a distinct category. This will provide trained personnel and consistent instruction. Presently, the paraprofessionals are highly trained with specific skills to meet the needs of ELs.

VIII. PROGRAM EVALUATION

A District Evaluation Committee will meet each spring to assess student progress using standardized test scores and writing samples. The district will include an evaluation of the effectiveness of parent outreach during the program evaluation process. They will also assess the program's effectiveness, resources and staff needs. This committee will make any necessary program recommendations to the Superintendent, Executive Director of Instruction, and the Board of Education. Monitoring data such as district-wide test results, dropout and retention rates, and grades will be included in the periodic program evaluation.

The MCISD uses MDE's Program Evaluation Tool to determine the effectiveness of programs and initiatives in assisting ELs toward achieving State content standards and attaining English language proficiency.

As a part of the annual evaluation of the district EL program, the MCISD monitors the progress of ELs regarding:

- the number and percent of ELs making progress toward attaining English language proficiency (based on the WIDA) in the aggregate and disaggregated (e.g. by disability; by recently arrived)
- the number and percent of ELs who have attained full English Language proficiency, are exited from the program and placed on a four-year monitoring status
- the number of ELs who have not attained English language proficiency within five years of initial classification as an EL and first enrollment in the LEA
- the number and percent of students who have been reclassified as EL

APPENDIX A HOME LANGUAGE SURVEY QUESTIONS

Is your child's native tongue a language other than English?

_____yes _____no What is that language? _____

Is the primary language used in your child's home or environment a language other than English?

_____yes _____no What is that language? _____

APPENDIX B PARENT LETTERS

Monroe County Intermediate School District

1101 S. Raisinville Road

Monroe, Michigan 48161

734-242-5799

Parent notification and permission for services letter

Date _____ School _____

Student Name _____

WIDA Overall Proficiency Level: _____

Dear Parent or Guardian,

The district is committed to providing instructional and enrichment programs that will meet the needs of all students in our schools. We have developed an EL program of academic instruction that addresses the special English language needs of our students. Based on enrollment information, your student is eligible for services that support classroom instruction and provide additional opportunities for your student's academic growth and language proficiency. This letter is intended to clarify information about the program and options for your child.

What are EL support services?

EL support services are specialized programs funded by local, state and federal funds. Each year, we are required by federal legislation (No Child Left Behind) to inform you of the services we are providing for your child. The purpose is to enable students to read, write and communicate in the English language as well as learn subject matter at the same time. The teachers are specially trained to help students acquire language and subject matter skills that are based on the state and district curriculum standards and benchmarks. Our testing indicates that our students in the program are making progress at every grade level.

How are students identified as having limited English proficiency?

Many students are potentially eligible for services in the EL program. Students in kindergarten through second grade are automatically eligible for services if they are identified on the Home Language Survey as having a first language other than English or if a language other than English is spoken regularly in the home. At the end of second grade, a state language proficiency assessment determines services needed. The state mandates the administration of the English Language Proficiency assessments (WIDA ACCESS Placement Test and/or WIDA ACCESS for ELs) to determine student's listening, speaking, reading, and writing skills. Results determine eligibility for service as well as student progress.

How can I find out my child's language proficiency level?

Your child's proficiency level is located at the top of this letter. Please contact your child's teacher for a full explanation of your child's scores or progress made.

What types of programs are available?

The district offers a transitional program with very intensive help for students with little or no English. As the student progresses in English, he or she will transition into the general education program.

Some options include programs as listed below:

- A structured research-based program of teaching the English language through science, math, social studies and language arts.
- A summer school program and/or after school programs whenever needed.
- Small group instruction that aims at developing fluency and literacy in English.
- Computer assisted instruction that allows for individual learning, problem solving, and acceleration of students' language and skills.
- Use of students' home language as needed to assist students in understanding and acquiring new concepts in subject areas like math, science and social studies.
- Provision of additional books, games and family learning activities which include workshops, field trips, and family projects.
- Opportunities to be included in all district interventions, enrichment and accelerated programs

Your child has been selected for a program based specifically on his or her learning needs. Please talk to your child's teacher at parent conferences or by making an appointment if you wish specific information about your child's progress.

How do students exit the program?

Our transitional model allows students to progress into general education steadily as they develop English Language Proficiency. Students can exit the program officially in a number of ways:

- The parent has the absolute right to withdraw their son or daughter from EL services at any time. Please see the attached waiver of services form.
- Any student who scores at the proficient levels on the WIDA and state/district tests will be recommended for exit.

We will monitor student progress for four years following exit from the EL program. Report cards and test results will be used to monitor progress. This information will be used to determine further support for your child. If you need any further information, please contact your child's teacher or school.

Sincerely,

Monroe County Intermediate School District

1101 S. Raisinville Road
Monroe, Michigan 48161
734-242-5799

Date _____

School _____

Student Name _____

WIDA Overall Proficiency Level: _____

Dear Parents,

The District provides EL supplemental service to selected students who come from language backgrounds other than English. Above is your child's English Language Proficiency level. Based on enrollment information and your student's WIDA level, your student qualifies for EL services. This program supports classroom instruction and provides additional opportunities for students' academic growth and language proficiency.

It is your right as a parent to withdraw your child from bilingual services. If you DO NOT want your child to receive the services, you can withdraw your child by filling out the information below and returning this letter to your child's school.

Please note that our federal government mandates the continued testing of any student, active or parent exited, whose home or primary language is other than English, until that student demonstrates proficiency on the WIDA ACCESS for ELs annual assessment, as well as grade level state mandated assessments.

If you need additional information, please contact your child's school.

Sincerely yours,

School supervisor

_____ I do not wish to have my child receive EL services.

Parent refusal letter

Date:

Dear Parent,

We understand that you would like to decline participation in the Title III program or particular EL services proposed for your child _____ (insert child's name). EL services are specifically designed to help your child obtain English language proficiency as well as acquire grade-level content. However, as stated in our conversation, you have the legal right to opt your child out of the program or particular services.

If you still wish to opt your child out of the Title III program or particular EL services, please initial next to each item on the checklist below. Doing so will indicate that you fully understand and agree with each statement. After you have initialed next to each of the statements, please sign, date, and return the form to your child's school. We will keep this document on file stating that you have declined or do not want these indicated EL services for your child.

_____ I am aware of my child's English language assessment score and other information about my child's current academic progress, and understand why he/she was recommended for additional English language instruction.

_____ I am familiar with the Title III program and services the school has available for my child.

_____ I have had the opportunity to discuss the available Title III program and services with the school.

_____ I understand that the school believes its recommendation is the most academically beneficial for my child.

_____ I understand that my child will still be designated an "English Learner" and have his or her English proficiency assessed once per year until he/she no longer meets the definition of an English Learner. All of this information has been presented to me in a language I fully understand.

I, _____ (insert name), with a full understanding of the above information, wish to

_____ decline all of the Title II program and EL services offered to my child.

_____ decline some of the Title III program and/or particular EL services offered to my child.

I wish to decline (List program/services)

Parent notification letter for potentially eligible kindergarten students screened prior to December 1st

Date:

To the Parents of _____:

When you enrolled your child in **insert district name**, you indicated that your child's native language is a language other than English, and/or that the primary language used in your home is a language other than English.

As a result, because of state and federal law, **insert district name** was obligated to administer the WIDA screener. The purpose of administering the WIDA screener was to assess your child's level of proficiency in English and to determine if your child qualifies for support.

Your child scored exceptional on the Listening and Speaking sections of the WIDA Screener. This means that your child's listening and speaking skills are comparable to native speaking peers. Additional data needs to be gathered before classifying your student as an English Learner (EL). Therefore, over the next couple of months, the **EL** department will collaborate with your child's classroom teacher and monitor benchmark assessments to make that determination. Once a determination is made, you will be notified in writing.

If you have any questions or concerns, please contact me, **EL Teacher Name or District Title III Leader**, at **XXX-XXX-XXX** or via e-mail at **e-mail address of listed contact**.

Sincerely,

APPENDIX C DESCRIPTIONS OF ENGLISH LANGUAGE PROFICIENCY LEVELS

To meet the instructional needs of English learners (ELs) in Michigan, six (6) levels of English language proficiency are used to describe student proficiency more accurately in listening, speaking, reading, writing skills. Included in the table below is a general description of the characteristics of ELs at each level of proficiency.

Michigan English Proficiency Levels (WIDA English Language Proficiency Levels)	Description of English Learners (ELs)
<p>Level 1 Entering</p>	<p>Students with limited formal schooling Level 1 may include students whose schooling has been interrupted for a variety of reasons, including war, poverty or patterns of migration, as well as students coming from remote rural settings with little prior opportunity for sequential schooling. These students may exhibit some of the following characteristics: pre- or semi-literacy in their native language; minimal understanding of the function of literacy; performance significantly below grade level; lack of awareness of the organization and culture of school. (TESOL, 1997, p.21) Because these students may need more time to acquire academic background knowledge as they adjust to the school and cultural environment, English language development may also take longer than other EL beginning students at Level 1. Level 1 students may lack sufficient English literacy for meaningful participation in testing even at the most minimal level.</p> <p>Recently arrived student (less than 30 days) These students have not been assessed with the WIDA Screener and/or other tests used for placement.</p> <p>Beginning (Pre-production and early production) Students initially have limited or no understanding of English. They rarely use English for communication. They respond non-verbally to simple commands, statements and questions. As their oral comprehension increases, they begin to imitate the verbalization of others by using single words or simple phrases, and begin to use English spontaneously (WIDA, 2012).</p> <p>At this earliest stage these students start to construct meaning from text with non-print features (e.g., illustrations, graphs, maps, tables). They gradually construct more meaning from the words themselves, but the construction is often incomplete (WIDA, 2012).</p> <p>They are able to generate simple written texts that reflect their knowledge level of syntax. These texts may include a significant amount of non-conventional features, invented spelling, some grammatical inaccuracies, pictorial representations, surface features and rhetorical features of the native language (i.e., ways of structuring text from native language and culture) (TESOL, 1999, p.20).</p>

<p>Level 2 Beginning</p>	<p>Early intermediate (Speech emergent) Students can comprehend short conversations on simple topics. They rely on familiar structures and utterances. They use repetition, gestures, and other non-verbal cues to sustain conversation (WIDA, 2012).</p> <p>When reading, students at this level can understand basic narrative text and authentic materials. They can use contextual and visual cues to derive meaning from texts that contain unfamiliar words, expressions and structures. They can comprehend passages written in basic sentence patterns, but frequently have to guess at the meaning of more complex materials. They begin to make informed guesses about meaning from context. They can begin to identify the main idea and supporting details of passages (WIDA, 2012)..</p> <p>Students can write simple notes, make brief journal entries, and write short reports using basic vocabulary, and common language structures. Frequent errors are characteristic at this level especially when student try to express thoughts that require more complex language structures. (State of Virginia, pp. 4-9)</p>
<p>Level 3 Developing</p>	<p>Intermediate At this level students can understand standard speech delivered in most settings with some repetition and rewording. They can understand the main ideas and relevant details of extended discussions or presentations. They draw on a wide range of language forms, vocabulary, idioms, and structures. They can comprehend many subtle nuances with repetition and/or rephrasing. Students at this level are beginning to detect affective undertones and they understand inferences in spoken language. They can communicate orally in most settings (WIDA, 2012).</p> <p>Students can comprehend the content of many texts independently. They still require support in understanding texts in the academic content areas. They have a high degree of success with factual information in non-technical prose. They can read many literature selections for pleasure. They can separate main ideas from supporting ones. They can use the context of a passage and prior knowledge to increase their comprehension. They can detect the overall tone and intent of the text (WIDA, 2012).</p> <p>Students can write multi-paragraph compositions, journal entries, personal and business letters, and creative passages. They can present their thoughts in an organized manner that is easily understood by the reader. They show good control of English word structure and of the most frequently used grammar structures, but errors are still present. They can express complex ideas and use a wide range of vocabulary, idioms, and structures, including a wide range of verb tenses. (Virginia, pp. 11-14)</p>

<p>Level 4 Expanding</p>	<p>Transitional Intermediate</p> <p>At this level students' language skills are adequate for most day- to-day communication needs. Occasional structural and lexical errors occur. Students may have difficulty using and understanding idioms, figures of speech and words with multiple meanings. They communicate in English in new or unfamiliar settings, but have occasional difficulty with complex structures and abstract academic concepts (WIDA, 2012).</p> <p>Students at this level may read a wide range of texts with considerable fluency and are able to locate and identify the specific facts within the texts. However, they may not understand texts in which the concepts are presented in a de-contextualized manner, the sentence structure is complex, or the vocabulary is abstract. They can read independently, but may have occasional comprehension problems (WIDA, 2012).</p> <p>They produce written text independently for personal and academic purposes. Structures, vocabulary and overall organization approximate the writing of native speakers of English. However, errors may persist in one or more of these domains (listening, speaking, reading, and writing) (TESOL, 1999, p. 21).</p>
<p>Level 5 Bridging</p>	<p>Proficient</p> <p>At this proficient level students demonstrate English proficiency similar to native speakers. They use specialized or technical language of the content areas. Students at this level write using a variety of sentence lengths of varying linguistic complexity in extended oral or written discourse, including stories, essays or reports (WIDA 2012).</p> <p>Students at this level may read a wide range of texts with considerable fluency and are able to locate and identify the specific facts and draw conclusions within the texts. They may understand texts in which the concepts are presented in a de-contextualized manner, the sentence structure is complex, or the vocabulary is abstract. They can read most grade level texts independently (WIDA, 2012).</p> <p>They produce oral and written language approaching comparability to that of English-proficient peers when presented with grade level material (WIDA 2012).</p>
<p>Level 6 Reaching</p>	<p>Monitored (Advanced Proficiency)</p> <p>Students at this advanced level have demonstrated English proficiency as determined by state assessment instruments (WIDA ACCESS for ELLs and are on grade level in assessments such as the MSTEP, Common Assessments, SAT, and DRA). They are expected to be able to participate fully with their peers in grade level content area classes. The academic performance of these students is monitored for two years as required by federal law.</p>

APPENDIX D COMPLAINTS REGARDING SCHOOL PERSONNEL

2260 - NONDISCRIMINATION AND ACCESS TO EQUAL EDUCATIONAL OPPORTUNITY

The Board of Education does not discriminate on the basis of religion, race, color, national origin, sex, disability, age, genetic information or any other legally protected characteristic in its programs, activities or employment.

Further, it is the policy of this District to provide an equal opportunity for all students, regardless of gender, religion, race, color, national origin or ancestry, age, disability, marital status, place of residence within the boundaries of the District, or social or economic status, and/or any other legally protected characteristic, to learn through the curriculum offered in this District.

In order to achieve the aforesaid goal, the Board directs the Superintendent to:

Curriculum Content

review current and proposed courses of study and textbooks to detect any bias based on any legally protected interest; ascertaining whether or not supplemental materials, singly or taken as a whole, fairly depict the contribution of both genders, various races, ethnic groups, etc. toward the development of human society;

Staff Training

develop an ongoing program of in-service training for school personnel designed to identify and solve problems of any legally protected interest or other bias in all aspects of the program;

Student Access

review current and proposed programs, activities, facilities, and practices to ensure that all students have equal access thereto and are not segregated on the basis of any legally protected interest in any duty, work, play, classroom, or school practice, except as may be permitted under State regulations;

This language does not prohibit the District from establishing and maintaining a single-gender school, class, or program within a school if a comparable school, class, or program is made available to students of each gender.

District Support

ensure that like aspects of the District program receive like support as to staff size and compensation, purchase and maintenance of facilities and equipment, access to such facilities and equipment, and related matters;

Student Evaluation

ensure that tests, procedures, or guidance and counseling materials, which are designed to evaluate student progress, rate aptitudes, analyze personality, or in any manner establish or tend to establish a category by which a student may be judged, are not differentiated or stereotyped on the basis of any legally protected interest.

The District will accommodate the use of certified service animals when there is an established need for such supportive aid in the school environment. Certain restrictions may be applied when necessary due to allergies, health, safety, disability or other issues of those in the classroom or school environment. The goal shall be to provide all students with the same access and participation opportunities provided to other students in school. Confirmation of disability, need for a service animal to access the school programming, and current certification/training of the service animal may be required.

The Superintendent shall appoint a compliance officer whose responsibility it will be to ensure that Federal and State regulations are complied with and that any complaints regarding discrimination or equal access are dealt with promptly in accordance with law. S/He shall also ensure that proper notice of nondiscrimination for Title II, Title VI, and VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973 is provided to students, their parents, staff members, and the general public.

The Superintendent shall attempt annually to identify children with disabilities, ages 0-25, who reside in the District but do not receive public education.

In addition, s/he shall establish procedures to identify students who are Limited English Proficient (LEP), including immigrant children and youth, to assess their ability to participate in District programs, and develop and administer a program that meets the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation and exit guidelines and shall be designed to provide students with effective

instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this program, the District will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (see also Policy 2225).

The District will endeavor to assist the student and/or his/her parents in their access to District programs by providing notices to the parents and students in a language and format that they are likely to understand.

Materials approved by the State Department of Education describing the benefits of instruction in Braille reading and writing shall be provided to each blind student's individualized planning committee. The District shall not deny a student the opportunity for instruction in Braille, reading, and writing solely because the student has some remaining vision.

The Superintendent shall develop administrative guidelines as needed for the proper implementation of this policy.

Revised 6/27/96

Revised 5/16/00

Revised 11/03

Revised 11/8/11

APPENDIX E DEFINITIONS

ACCESS for ELLs refers to the annual assessment given to all students participating in the Title III/ESL program.

Basic Interpersonal Communication Skills (BICS) refers to a student's social English language skills. Research indicates that a student takes 1-3 years to acquire functional social language skills. (Cummins, 1981)

Bilingual Instruction

Bilingual instruction is defined as instruction in curricular content areas, including instruction in English language skills (listening, speaking, reading, writing, and comprehension), through a combination of a student's native language and English language.

Bilingual Paraprofessional

A bilingual paraprofessional provides support services to the LEP student. Language proficiency must demonstrate in listening, speaking, reading, writing, and comprehension both the English language and the native language for which they provide support services.

Bilingual Program

Bilingual programs use a student's native language, in addition to English, for instruction by bilingual staff.

Bilingual Teacher

A Bilingual teacher is required to be certified in the area of instruction and in addition have a bilingual endorsement. This teacher may provide bilingual or ESL instruction or support services to the ELs. Frequently, this teacher will provide consultative services to the regular classroom teacher.

Building Instructional Team

The following staff should be part of the team working with ESL students:

- Classroom Teacher
- Counselor
- Social Worker
- Psychologist
- ESL Instructor/Paraprofessional
- General Education Resource Teacher
- Principal

The teacher and paraprofessionals assigned to the building will provide instructional support and materials.

When concerns arise regarding a student's program, curriculum or placement, the team outlined above will address these issues at a Building Instructional Team meeting. The Building Instructional Team referrals may be requested by any staff member. The District EL/Title III supervisor will be notified when a particular ELs problem persists after interventions have been implemented as recommended by the Building Instructional Team.

CA-60 File

This file is kept in the school office and is the official record of the student. It contains: birth certificate, immunization records, registration documents, standardized test scores, report cards, and other official school documents.

CALP

Cognitive Academic Language Proficiency (CALP) refers to the English language skills necessary to function successfully in an academic/school environment. Research indicates that it takes a student from 3-7 or more years to acquire such academic language skills. (Cummins, 1981)

Content-based Language Development Programs

Content-based Language Development programs group ELs from different languages together in classes where teachers use English as the medium for providing content area instruction. Teachers modify classroom language to the proficiency level of the students.

Co-Teaching

Co-teaching is defined as having an ESL teacher assist in the instruction for content area classes whenever there is a significant population of ELs in the building.

ELs (English Learners)

ELs refers to students whose first language is not English and encompasses both students who are just beginning to learn English (often referred to as limited English proficient or LEP) and those who have already developed considerable proficiency. The term underscores the fact that, in addition to meeting all the academic challenges that face their monolingual peers, these students are learning English.

EL

English as a Second Language (ESL)/English Language Development (ELD) instruction is used to teach English language components (grammar, vocabulary, and pronunciation) and language skills (listening, speaking, reading, writing, and comprehension) as well as content areas.

ESL Programs

ESL programs emphasize learning English for both social and academic purposes. English is the language of instruction.

ESL Class Period

A student receives ESL instruction during a regular class period, often grouped by English language proficiency levels.

ESL Instruction

ESL is defined as a structured language acquisition program designed to instruct a student in the English language (speaking, reading, writing, and comprehending) and core academic content.

ESL Newcomer's Center

ESL Newcomer's Center is an ESL classroom that enrolls non-English-speaking students from many or all schools of the same grade level (elementary, middle or high school). The Center provides intensive English language and academic content instruction.

ESL Resource Center

Students from several classrooms come together for English language and academic content instruction. The resource center concentrates ESL materials and staff in one location.

ESL Student File

This file is kept by the Bilingual/ESL teacher at the building of enrollment. It contains a copy of the district registration, assessment data, and family information.

ESL Teacher

An ESL teacher is required to be certified and have specific training in ESL instruction. The ESL teacher may provide ESL instruction or support services to LEP students and may provide consultative services to regular classroom teachers.

ESSA

The Every Student Succeeds Act (ESSA) is the most recent reauthorization of the Elementary and Secondary Education Act (ESEA).

FEL Students

A Former English Learner (FEL) has been exited from Title III/ESL program because:
The student has scored proficient on the ACCESS, W-APT, and multiple district assessments.

Inclusion

An EL is placed in general education and may receive tutorial support or receive service through a team approach.

Language Instruction Educational Program (LIEP)

Under Title VI and the EEOA LEAs must provide a language assistance program that is effective—educationally sound and proven successful. Consistent with ESEA section 3124, the Department does not recommend any particular curricula, program of instruction, or instructional materials, nor does it prohibit any language instruction educational program used with ELs that is consistent with Title III of the ESEA and other laws, including Title VI and the EEOA.

Title III

Title III is an entitlement program under the Elementary and Secondary Education Act. The purpose of Title III, Part A, is to help ensure that children and youth who are limited English proficient, Native American and/or immigrants, attain English language proficiency, develop high levels of academic attainment in English, and meet the same challenging academic standards that all children are expected to meet. Title III funds are directed to states and eligible local districts or consortia through a formula grant allocation to:

- Develop high-quality language instruction educational programs
- Assist SEAs, LEAs and schools to build their capacity to establish, implement, and sustain language instruction and development programs
- Promote parental and community involvement
- Hold SEAs, LEAs, and schools accountable for increases in English proficiency and core academic content knowledge of limited English proficient children by:
- Demonstrated improvement in the English proficiency of limited English proficient children each fiscal year; and
- Adequate yearly progress for limited English proficient children, including immigrant children and youth, as described in section 1111(b)(2).

Woodcock-Muñoz

Woodcock-Muñoz is an assessment used to determine English language proficiency.

WIDA Screener refers to the English language screening assessment given to students new to Bloomfield Hills Schools, when indicated on the home language survey, that a language other than English is spoken in the home.

WIDA refers to a consortium of states with the purposes of advancing academic language development and academic achievement for linguistically diverse students through high quality standards, assessments, research, and professional development for educators.

APPENDIX F GUIDELINES

- Most students should be placed in an age-appropriate classroom. Even if the student has not attended school before, the social nature of schooling cannot be ignored. It is important to place students with their peers and allow them to interact naturally. Exceptions may include students who have not attended school for more than a year.
- A student should be placed in classrooms that utilize the most interactive methods of teaching. English Learners (ELs) need to listen, speak, read, and write in meaningful contexts to acquire English. Teachers who rely mainly on lecture, memorization, and worksheets may be least appropriate for second language learners.
- Bilingual para-educators or instructional assistants may work directly with a student in the classroom in conjunction with the classroom teacher. In this way, para-educators or instructional assistants have a better understanding of what, why, and how content material is being studied and can provide support that is directly connected to classroom goals.
- Previous schooling is considered. The academic backgrounds of students vary greatly. Some students may have studied advanced algebra while others may never have attended school.
- All students need time to learn how to interact in an American school setting. Consideration is given to having the ESL staff explicitly teach about the culture and language of schools.
- Initial placement decisions for the middle and high school student should take into account native language literacy skills, previous schooling, interests and goals, and opportunities within classes for hands-on interactive learning. While a student is often placed in physical education, art, and music classes, when taught appropriately with the support of EL teachers or tutors, other content area classes such as science and math may be crucial to maintaining student's interest in school.
- Consideration is given to alternative means of assessment for the English Learner. Portfolio assessments that include a broad range of student work, teacher observations, and even audio and videotapes of the student's work will offer a vision of student's progress over time. The placement team recognizes that every test is a language test; the student may understand content but be unable to decipher a multiple-choice test. Finally, the team assists teachers in inventing ways of allowing the student to demonstrate what they have learned without using complex English.

The placement team encourage the English Learner's involvement in extra-curricular activities at all grade levels. A student learns English and feels connected to school when he/she is playing soccer, acting in the school play, preparing something for a bake sale, or singing in the choir. The English Learner needs to be invited to participate.

Additional standardized and curriculum-based assessments inform the decision of the team. Criteria used to exit a student will be placed in the student's CA 60 and EL file.

APPENDIX G TITLE III FUNDS

Allowable Uses of Title III Funds

Title III English Language Acquisition: Generally Allowable Expenditures

Title III funds are supplemental and are to be used over and above the district's required services and resources provided to ELs and their families. **Required** activities include:

1. High quality language instruction educational programs that demonstrate effectiveness by increasing English proficiency and student academic achievement in the core academic subjects.
2. High quality professional development of sufficient intensity and duration that demonstrates effectiveness in improving instruction and assessment and which enhances the ability of teachers to understand and use curricula, assessment measures, and instructional strategies.
3. High quality activities that include parent, family, and community engagement and coordination, and coordination and alignment of related programs (ESEA Section 3115(c)(3)).

Title III supplemental EL funds can be used, in priority order, for the following:

1. Services before and after school such as tutoring, academic assistance, supplementary instructional materials for English language acquisition as well as for summer school programs for ELs. Districts need to identify the students served and the method used to assess and monitor their progress.
2. Professional development that is planned based on students' achievement data and provided in a systemic and sustained manner to improve instruction and assessment of ELs. Staff training could include bilingual/ESL classroom teachers, bilingual/ESL teacher coaches, paraprofessionals, regular education teachers, administrators, and other school based or community-based organizational personnel who serve ELs.
3. Hiring bilingual/ESL coaches whose role is to acquire scientific-based research practices, provide professional development, mentor and coach teachers who are working directly with ELs. Additionally, such funds can be used to provide stipends to teachers to assist them in completing and obtaining bilingual/ESL endorsements.
4. Parent involvement activities including family literacy (ESL) and parenting classes. Additionally, funds can be used for speakers who conduct informative parent sessions that enhance student language acquisition and mastery of core academic subjects. Districts may purchase supplemental instructional materials to support child's English language learning at home, materials and books on parenting skills. A Parent Involvement Liaison can be hired or contracted to enhance ongoing parent engagement in school activities, committees and functions, facilitate planning and conducting parent meetings, connecting families to community resources, and interpreting to parents during Title III meetings.
5. Cost for educational field trips if part of high-quality language instruction educational programs/activities (buses and admission).
6. Administrative and indirect costs of III/Immigrant may NOT exceed 2% of the total allocation (ESEA Section 3115(b)).

Title III Non-Allowable Expenditures:

1. Title III funds may NOT be used to pick up a cost that was previously funded by general funds.
2. Title III may NOT supplant any other federal, state or local expenses.
3. All test administration cost (ACCESS for ELLs, W-APT, other state assessments) must be paid by general fund, including the pay for proctors, assessors and substitute teachers.
4. Translation of documents, parent handbooks, and assessments are funded by general funds and NOT with Title III funds.
5. Title III funds may NOT be used for Intake/Eligibility or Annual progress assessments.

Immigrant Program: Generally Allowable Expenditures:

Sub-grants to LEAs and ISDs are made if significant increase is experienced in numbers of immigrant students from ages 3-21; enrolled in public or private school; not born in US; not attended US school for more than three full years. Purpose of Immigrant sub-grants is to pay for activities that provide enhanced instructional opportunities for immigrant children and youth (ESEA Section 3115 (C)).

Allowable activities include:

1. Support for personnel, including paraprofessionals who have been specifically trained, or are being trained, to provide services to immigrant children and youth.
2. Provision of tutorials, mentoring, and academic or career counseling for immigrant children and youth (career exploration and shadowing experiences, college visits, etc.) throughout the day and before/after school.
3. Identification and acquisition of bilingual curricular materials, bilingual educational software and technologies to be used in the program carried out with these funds.
4. Activities, coordinated with community-based organizations, institutions of higher education, private sector entities, or other entities with expertise in working with immigrants, to assist parents of immigrant children and youth by offering comprehensive community services.
5. Family literacy, parent outreach liaison and activities, training activities designed to assist parents in adjusting to and understanding the American culture and school system in order to become active participants in the education of their children.
6. Administrative and indirect cost to Title III Immigrant may NOT exceed 2% of the total allocation.

Title III Immigrant Non-Allowable Expenditures:

1. Title III Immigrant funds may NOT be used to pick up a cost that was previously funded by general funds.
2. Title III Immigrant funds may NOT supplant any other federal, state, or local expenses.
3. All test administration cost (ACCESS for ELLs, W-APT, other state assessments) must be paid by general fund, including the pay for proctors, assessors, and substitute teachers.
4. Title III Immigrant funds may NOT be used for Intake/Eligibility or Annual progress assessments.
5. Translation of documents, parent handbooks, and assessments are funded by general funds and NOT with Title III immigrant funds.

APPENDIX H LANGUAGE INSTRUCTION EDUCATIONAL PROGRAM

Depends on level of student and academic support that is needed.

Elementary (Grades 1-5), Middle School (Grades 6-8), and High School (Grades 9-12):

- Language Tutorial
- Reading Support

APPENDIX I NOTICE OF NON-DISCRIMINATION

2260 - ACCESS TO EQUAL EDUCATIONAL OPPORTUNITY

These guidelines shall be used to ensure that the Board of Education's policy on nondiscrimination (2260) is implemented properly and in compliance with Federal and State laws and regulations, particularly Part 104 of Section 504 of the Rehabilitation Act of 1973 (34 CFR). A copy of Part 104 is provided as AG 2260A.

Notice of the Board's policy on nondiscrimination in educational practices shall be posted throughout the District, published in any District statement regarding the availability of educational services, and in all student handbooks.

Children who have been diagnosed as having a disability and who, through a multi-disciplinary evaluation, qualify for categorical services under IDEA will be served under the existing State Special Education regulations. Section 504 protects and safeguards all students with a mental or physical impairment which is defined as substantially limiting one (1) or more major life activities, or:

- A. the student has a record of such an impairment;
- B. the student is regarded as having such an impairment.

The District will identify, evaluate, and provide an appropriate education for students who are disabled under Section 504.

FACILITIES

The educational program of this District shall be accessible to all students. All programs need to be designed and scheduled so the location or nature of the facility or area will not deny an otherwise-qualified disabled student the opportunity to participate in the academic or other school program on the same basis as a nondisabled student. (See Form 2260 F7 - Assessment of Facilities for the Disabled.)

Guide dogs for students who require this type of assistance shall be permitted access to all facilities, programs, and events of the District. The student must provide evidence of the dog's certification for that purpose. If the dog is still in training, proof of liability insurance policy must be provided.

PROGRAM

The educational program includes the academic and nonacademic setting. Each qualified, disabled student shall be educated with the nondisabled student to the maximum extent appropriate. In the nonacademic setting, the disabled student shall participate with the nondisabled students to the maximum extent appropriate to the needs of the disabled student.

Each Executive Director shall ensure that the procedures used with students and parents for selection of and participation in any part of the District's academic, co-curricular, or extra-curricular program do not discriminate on the basis of race, color, national origin, sex, age, or disability. (See AG 2411 - Guidance and Counseling).

Referral

If the referring person and the administrator/supervisor have reason to believe that the student needs special accommodations or related services in order to be provided access to the District's programs, the administrator/supervisor shall notify the parent. If the referring person and the administrator/supervisor suspect that the student is eligible for services through IDEA, the procedures for identification, evaluation, and placement must be followed. If the IDEA evaluation team determines the child is ineligible under IDEA, the team may determine the student's eligibility, if any, for special accommodations or related services under Section 504. If s/he is eligible, a student accommodation plan shall be developed.

If the referring person does not suspect an IDEA disability or has knowledge that the student does not qualify under IDEA, the student shall be evaluated in accordance with the Section 504 evaluation procedures (2260A).

Evaluation/Placement

Prior to evaluation, the administrator/supervisor shall notify the parent and obtain written consent of the parent.

At the time of notification of the parent to obtain consent for the evaluation, the administrator/supervisor shall provide the parent an explanation of the rights of the parent and the student under 504 (see 2260 F1).

The Section 504 evaluation is to be tailored to the suspected or known disability and how that disability impacts on the student's ability to function in the school setting. A full multi-factored evaluation may not be required, but the evaluation

shall draw upon information from a variety of sources including those who have detailed knowledge about the student and his/her condition. Each person providing evaluative information shall assure that the information is documented.

The administrator/supervisor shall schedule a meeting of the group of persons knowledgeable about the student which shall review the evaluation data and determine if the student has a disability within the meaning of Section 504 (see page 1).

The parents will be notified of the meeting and be invited to attend the meeting.

Note:

There is no requirement that the parent be invited to attend the 504 evaluation team meeting. In districts which divide the evaluation team and the IEP team, staff may wish to follow established IDEA procedures. Efficiency may dictate combining the 504 evaluation team meeting and the meeting to develop the student accommodation plan.

If the team determines that the student qualifies under 504, it will determine what reasonable accommodation or related services the student may need and develop a 504 student-accommodation plan (see 2260 F3).

Parents are to be invited to participate in the development of the plan.

If the 504 team determines that the student does not qualify under 504, it shall document the decision, provide the basis of the decision, and state that the student may be served appropriately in the regular education setting without related services or special interventions. Following the 504 team meeting, the parent is to be notified of the team's decision.

The administrator/supervisor is to ensure that the evaluation and placement process be completed in a reasonably timely manner and in compliance with the procedural safeguards described in Form 2260 F6 - Section 504 Procedural Safeguards.

INSTRUCTION

Because of the least-restrictive environment requirements, the principal should review all of AG 2260A and then work with the teacher(s) involved to make sure s/he (each):

- A. recognizes the requirements of the law and the relationship between the evaluation of the student and his/her instruction;
- B. has made appropriate accommodation in the instructional program and/or classroom environment as provided in the student's 504 accommodation plan. Such accommodations could include but are not limited to:
 - 1. preparation of alternate lesson plans;
 - 2. modification of schedules;
 - 3. rearrangement of the students;
 - 4. reorganization of the classroom;
 - 5. guidance of the student on appropriate behaviors;
 - 6. frequency and type of communication with parents;
 - 7. alternate methods of instruction;
 - 8. alternate methods of assessment.
- C. is familiar with and follows the student's 504 accommodation plan.

Evaluation/Change in Placement

Within one (1) school year following implementation of a student accommodation plan, the student's 504 team is to review the student's progress and determine if further intervention or a modification in the plan is needed.

DISCIPLINE

The disciplinary process described in Policy 2461 should be used in all situations in which a student with a 504 disability may be subject to suspension, expulsion, or exclusion. Since expulsion or cumulative forms of suspension may constitute a change in placement, the evaluation procedures in AG 2260 A must be followed.

DRUG-RELATED CIRCUMSTANCES

If a principal suspects or has knowledge that drugs or alcohol may be creating a disabling condition for a student, s/he must arrange for an evaluation, with consent of the parents and at no cost to the student. If the evaluation verifies the existence of the disabling condition, the student shall be considered disabled under Section 504 and dealt with accordingly.

If a student, disabled only under Section 504, is caught with drugs at school, s/he may be disciplined in accordance with AG 5610. The disciplinary procedures required for IDEA students do not apply.

COMPLAINTS

All complaints should be handled in accordance with the procedure described in AG 2260B. Section 504 does not establish timelines for submission of a hearing request, nor does it define "impartial hearing" or require that the selection of the hearing officer be mutually agreed-upon by the District and the parents. The impartial hearing officer should be someone who is not employed by or under contract to this District in any capacity.

APPENDIX J PROGRAM ENTRY AND EXIT SUMMARY CHART

May change with updated Entrance and Exit Protocol.

WIDA ELD Levels	WIDA Screener (Placement)	WIDA ACCESS for ELLs
Level 1: Entering	1	1
Level 2: Emerging	2	2
Level 3: Developing	3	3
Level 4: Expanding	3-4	3-4
Level 5: Bridging	5	5
Exit Criteria <i>Students must reach 4.5 overall proficiency and 4.0 or higher in each domain in order to qualify to exit the EL Program</i>		

The Monroe County Intermediate School District does not discriminate on the basis of religion, race, color, national origin, sex, disability, age, height, weight, marital status or familial status in its programs, activities or in employment. The following person has been designated to handle inquiries regarding the non-discrimination policies: Eric Feldman, Assistant Superintendent for Human Resources and Legal Counsel, 1101 S. Raisinville Road, Monroe Michigan 48161; Telephone: 734.322.2640.
