

Preparing today's students
for tomorrow's world.

April 26, 2018

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for the Monroe County Middle College. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Robert Krueger, MCMC Principal for assistance at 734-342-8751.

The AER is available for you to review electronically by visiting the following web site <https://goo.gl/GXLKNA>. You may view a copy in the main office or view a PDF copy of the report at our website, <http://www.monroeisd.us/departments/curriculum/middlecollege>

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

We are very proud of what MCMC has accomplished over the past eight years; however, all schools face unique challenge and Monroe County Middle College is no exception. Dual enrollment is a major piece of the student experience at MCMC, and leads to one key challenge: the alignment of college classes to the material on standardized tests such as the SAT. College classes focus on students becoming independent thinkers and learners, however, standardized tests often measure student mastery of a content area. One example of this is our "College Readiness Benchmark" according to College Board. Currently about 73% of MCMC students are "ready" for college. However, our students are quite successful in college classes. The historical average of MCMC performance of passing college classes with a letter grade or "C" or higher is about 91%. We understand the importance of being able to demonstrate student mastery on nationally normed assessments and will make changes accordingly. It is important to note that the Monroe County Middle College is concluding its ninth year of operation. Due to various changes in state testing over this timeframe, we have limited longitudinal student data to report. We continue to review data from various sources to increase the number "college ready" students.

Monroe County Middle College is a public, secondary school option for students from Monroe or surrounding counties. Our school is designed following an early/middle college model and has grades Nine (9) through Thirteen (13). Students at the Monroe County Middle College have the opportunity to receive a high school diploma and up to 60 transferable college credits and/or an Associate's degree. To attend the Monroe County Middle College students must submit an application. There is an equitable percentage of students from all nine (9) of the constituent districts.

The MCMC is in the process of completing the School Improvement Plan for the 2017-2018 school year. The current plan is available for review on our website or you can contact Robert Krueger, Principal of MCMC. The MCMC operates under the auspices of the Monroe County ISD. As a public school we are responsible for meeting the Michigan Merit Curriculum. These requirements can be accessed through the Michigan Department of Education website, www.michigan.gov/mde.

MCMC's aggregate student achievement from the Statewide SAT administration in April of 2017 resulted in a school mean score of 1151. The State of Michigan mean score was a 983.

At the Fall 2018 Parent/Teacher Conferences MCMC had 52 students represented which is 15% of our student body. Twenty two of those in attendance were parents of students in their first year. This represents 27% of students in their first year. Nineteen in attendance were parents of students in their second year, or 25% of the cohort. The remainder of those in attendance were parents of students in years three or four. No parents of students in year five attended.

As an early/middle college, dual enrollment makes up a large portion of our school. During the 2016-2017 there were 221 students' dual enrolled and 183 students dual enrolled in the 2015-2016 school year. This represents 72% and 67% of our student body respectively. During the two prior school years there were a total of 5484 college credits attempted and 4967 credits earned for a 90.5% success rate as defined as a letter grade of C or higher. There were no college equivalent courses offered.

The Monroe County Middle College is completing its ninth year of operation and we are encouraged by our students' performance. Also, we understand there is much work to be done and look forward to the challenge.

Sincerely,

Robert Krueger
MCMC Principal
