Teaching and Learning

■ GOAL 1 Engage students to explore, design, and create.

- Make devices available for all students
- Integrate technology in the classroom to prepare students to be proficient and responsible digital citizens
- Utilize technology to evaluate, create, synthesize, analyze, and problem solve
- Apply knowledge efficiently and effectively

■ GOAL 2 Empower educators to infuse technology into an enhanced learning environment.

- Adopt and incorporate digital curriculum resources
- Model technology use to evaluate, create, synthesize, analyze, and problem solve
- Provide professional learning opportunities that meet the needs of the staff
- Leverage technology resources for formative, interim, and summative assessments
- Design learning experiences that support higher order thinking through the use of technology

Infrastructure

■ GOAL 1 Ensure infrastructure is current and driven by the curriculum.

- Participate in national and state grants to further support hardware, internet services and device purchasing.
- Hold committee meetings between curriculum and technology to ensure infrastructure meets curriculum and school improvement needs.
- Monitor infrastructure to ensure optimum performance.

■ GOAL 2 Administer technical support and expertise to maintain the infrastructure.

- Provide meetings and trainings throughout the year to share expertise across the districts.
- Share best practices to facilitate support and knowledge across districts
- Utilize communication tools to collaborate across the county and the state.
- Provide staffing for technical support

Communication

■ GOAL Effectively communicate to all stakeholders the impact of technology.

- Utilize print and social media to keep all stakeholders informed

Collaboration

■ GOAL Continue to provide a high quality public education for all students.

- Cohesive media presentation throughout the county - hashtag, factual brochure - include ballot language on all materials, informational website/Facebook page
- Increase visibility by photos and stories of students using technology in the school district and sharing them on social media.
