

Integrated Pest Management Program Notification to Parents/Guardian

School Year: 2015-2016

This notice is to inform all parents/guardians of students attending the Monroe County Intermediate School District facility of their right to be informed before any pesticide application is made in the school buildings. Monroe County Intermediate School District facilities established integrated pest management program that limits pesticide spraying to a minimum but on occasion pesticides may need to be applied. As a parent/guardian of a student attending our facility you have the right to request prior notification to the spraying of a pesticide. If you would like prior notification you can obtain a “prior notification request” form by sending a self addressed stamped envelope to:

*Monroe County Intermediate School District
1101 S. Raisinville Road
Monroe, Michigan 48161
Attention: Department of Buildings and Grounds*
